

## REPORT SCORES SANTIAGO CAMPAIGN

Report of Santiago Campaign Said to Be a Severe Criticism.

IT MAY BE SUPPRESSED.

President Likely to Request Another Report, Which Will Be Made Public.

LINE OFFICERS ANSWER BACK.

They Say Shafter Was Safely Encircled Miles from the Battle Ground and That His Report Is from Hearsay.

Washington, Sept. 13.—General Shafter's report of the Santiago campaign, which is the most important official communication received on the subject of the war from the army side, is in the possession of Adjutant-General Corbin, who will take it to the President. It will in turn refer it to Secretary Alger.

There were intimations to-day that the Shafter report would not be given out in its entirety, and perhaps not at all. General Shafter may be invited to write a report for general circulation. If the present communication is as candid as some of the statements he is said to have made in Washington, it will not bear the light of publicity if the reputations of certain troops and some officers are considered as sacred.

It is said that General Shafter is scathing in his rebuke of certain general officers who served under him in Santiago, and he is no less relentless in his criticisms of some of the troops, whom he regards as not coming up to the standard.

Those who were in Santiago with Shafter insist that the report which he has submitted is based upon the gossip of the camp, the reports of subordinate officers and such hearsay things as came to him from the firing line back to his comfortably sheltered quarters.

During the entire hostilities, it is said by these same officers, Shafter had two tents pitched on the commissary building, serving as his office, and the firing line was not more than a few miles from him. He used to attempt to descend to the ground, made his way forward among the batteries during the periods of truce. It became the jest of even the enlisted men to ask what Shafter was doing when he went forward.

Most army officers regard the report which General Miles will eventually make of the Santiago campaign as the most interesting of all.

## WAR DELAYS A DIVORCE SUIT.

Lieutenant Hugh K. Norman on the Glacier Cannot Be Served with Papers.

Newport, Sept. 13.—Mrs. Dorothy Prindle Norman has filed here a petition for a divorce from her husband, Hugh K. Norman. The case is on the docket of the coming term of the Supreme Court, and will attract great attention because of the social standing of those interested.

Mrs. Norman charges that her husband has refused to support her, and that he has deserted her since last November, when they were abroad. As yet the case has not been answered by Mr. Norman. He is in the naval service, and the officers may not be able to perform service upon him. In this event the case will go over to another term.

There is quite a romance connected with the couple. Mr. Norman was the daughter of Mr. Prindle, a well-known salaried officer of Gloucester, Mass., and became acquainted with her husband some twelve years ago when he was in the army. They were married in Newport, and she has since lived with him in the best society in Boston, and to a degree was well received in Newport's social circles. Later he purchased a small estate in Newport and took his wife there to live.

Last winter they went abroad, and it is understood that the trouble began then, it being claimed that Mr. Norman lost much money over the gaming table. Mr. Norman is a member of several clubs, and at the outbreak of the war received a commission as a lieutenant in the navy. He is now serving on the Gloucester. His older brother, G. H. Norman, Jr., a lieutenant on the Gloucester, was killed at Manila. Mr. Norman is also a brother of Mrs. Frederick H. Norman.

The announcement that Mrs. Norman is seeking a divorce will be a great surprise to society generally.

## KNIGHTS OF LABOR DECLARE WAR.

Will Endeavor to Compel Railroads to Stop Working Employees More Than Ten Hours.

The Knights of Labor intend to wage war on the trolley companies until they cease requiring employees to work more than the legal time, ten hours.

A delegation of the Knights of Labor called on District Attorney Marston in Brooklyn yesterday, and laid before him their complaint against the trolley companies. The complaint, which is dated September 13, provides that ten consecutive hours, including half an hour for dinner, shall be a day's work on all street and elevated railroads in cities containing more than 100,000 inhabitants, and that no employee of any such corporation shall be permitted or allowed to work more than that time.

The delegation complained that the Brooklyn Heights Railroad had infringed this law. There is a clause in the law, says District Attorney Marston, in doubt as to the true interpretation of the statute. He advised the delegation to bring the matter to the officers of the Brooklyn Heights Railroad.

District Attorney Marston stated that if convinced that the statute was in force, and if the trolley companies had infringed it, he would prosecute the offenders to the full extent of the law.

Another provision of the statute makes the offense punishable with a fine of not less than \$500 or more than \$1,000.

Glen Island Not a Nuisance.

A recent meeting of the Board of Health of New York City will probably be held to-day to meet the report concerning the sanitary condition of Glen Island, which the New York Athletic Club has been using as a summer resort.

The board has been informed that the club has been using the island as a summer resort for some time, and that the club has been using the island as a summer resort for some time, and that the club has been using the island as a summer resort for some time.

## BEAR ROULEEUSE.

Dr. Call's Diary of Hardship and Heroism in Rescuing Imperilled Whalers.

BEAR ALMOST CRUSHED BY THE ICE JAM.

Arrived Just in Time to Save All the Crews; the Food Was Nearly Exhausted and They Were Almost in Despair.

By Associated Press.

Neah Bay, Wash., Sept. 13.—The revenue cutter Bear touched here on her way down the coast. She has on board Lieutenant Jarvis and Berthel and Dr. S. J. Call, composing the relief party, and ninety-one members of the crews of the vessels that were wrecked, including the crew of the schooner Louise J. Kenner.

By Dr. S. J. Call, of the Revenue Cutter Bear.

Special Dispatch to the New York Journal.

On Board U. S. S. Bear, Sept. 13.—The Bear dropped anchor at St. Michael at 4 o'clock to-day, after a run from Point Barrow, and we are free to consider the experiences in the Arctic ice a thing actually behind us. I cannot in the compass of a single letter of reasonable length undertake to give anything like a detailed narrative of all I mean by "the experiences." For the moment I shall attempt nothing further than to dip here and there into the pages of my journal—just enough to convey some impression of what has been happening.

POINT BARROW, MARCH 23.—It would be impossible for language to convey an adequate notion of the satisfaction with which I write this date line, for it is the proof that the land expedition undertaken for the rescue of the whalers imperiled by the ice of Bering Sea has accomplished the feat so many deemed impossible.

The welcome accorded Lieutenant Jarvis and his little party was exceedingly cordial, and there can be no mistaking the deep gratitude of the men for the measures taken to guard them from further disaster.

Awaiting the Bear.

MARCH 30.—The herd of deer has been left at Silverherd for the present. To-day W. T. Lopp and all the herders save Arisauk and Ootah, start on the return to Cape Prince of Wales. Mr. Lopp will take with him Lieutenant Jarvis' star dog team, which has served us since our departure from Cape Vancouver.

Lieutenant Jarvis is taking vigorous command of the camp, and preparing measures for the preservation of life and health pending the arrival of the Bear next summer. One old death trap of a house was being made up by order of Lieutenant Jarvis, and the men who had been living in it in a wondrously horrible state, were distributed among the three new houses on the beach. Strong hygienic regulations are being enforced already, and there is a better look to things to-day.

APRIL 1.—The morning of the 13th, arrived by evening and returned next day.
